

Think espresso.

Astoria is a historic brand that has been the back bone of CMA since 1969. Using state of the art technology, the "lean manufacturing" plant in Susegana (Treviso, Italy) has the annual production capacity of 70,000 units. Astoria's research and development department are constantly exploring new opportunities that technology offers to ensure that when it comes to espresso coffee, Astoria are at the forefront of modern technology and quality. Service Sphere are proud to be the authorised Master Importer of Astoria in Australia with the back-up of factory trained technicians.

TANYA

- Built around simplicity and durability
- Volumetric Control push button, with manual over-ride, on each group head
- Four coffee doses, on each group, directly programmable from the control panel
- Raised groups for tall cups
- Internally mounted pump
- Thermosiphonic group system (superior temperature stability)
- Available in black

Model	Power Plug Required	Rated Power	Voltage	Boiler Capacity	Groups	Steam Arms	Size (WxDxHmm)	Net Weight
2 Group	15 Amp	3400w	240V	10.5L	2	2	715x535x515	55kg
3 Group	25 Amp	5800w	240V	17L	3	2	955x535x515	72kg

FORMA

- Modern and attractive design
- Volumetric Control touchpad, with manual over-ride, on each group head
- Four coffee doses, on each group, directly programmable from the control panel
- LED lights to illuminate the working surface
- Raised groups for tall cups
- Automatic back flush function
- Internally mounted pump
- Thermosiphonic group system (superior temperature stability)
- Available in black/stainless steel or white/stainless steel

Model	Power Plug Required	Rated Power	Voltage	Boiler Capacity	Groups	Steam Arms	Size (WxDxHmm)	Net Weight
1 Group	15 Amp	3160w	240V	6L	1	1	538x569x496	48kg
2 Group	20 Amp	3900w	240V	10.5L	2	2	750x570x500	65kg
3 Group	25 Amp	5700w	240V	17L	3	2	990x570x500	79kg

PERLA

- Built around class and reliability
- Volumetric Control push button, with manual over-ride, on each group head
- Four coffee doses, on each group, directly programmable from the control panel
- Stainless steel panels and operating surfaces
- Boiler & Pipes made in Copper and Brass pipe fittings
- Raised groups for tall cups
- LED lights to illuminate the working surface
- Cold water mixer on hot water outlet
- Larger element for faster recovery
- Available in stainless steel

Model	Power Plug Required	Rated Power	Voltage	Boiler Capacity	Groups	Steam Arms	Raised Groups	LED Lights	Cold Water Mixer	Size (WxDxHmm)	Net Weight
Compact 2 Group	15 Amp	3100w	240V	7L	2	1	N/A	N/A	N/A	550x565x560	60kg
